# Masterclass organ

Organ Masterclass with  
**Pascale Van Coppolle**  
Bern University of the  
Arts/Town Church Biel

Public concert: Saturday 22nd July, 2017  
17h00 - Students concert

High-level pianists are also welcome to  
experience organ playing through  
their piano repertoire.

All repertoire and experimental im-  
provisation on the winddynamic 4th  
manual of the main organ (Metzler  
2011 IV/P 50). The bird-nest organ  
(Metzler 1994-95 II/P 9) in meantone  
temperament allows interpretation  
of high-Rhine 16th century to early  
baroque music.

## Application

[www.somak.ch](http://www.somak.ch)  
Term of application: 30.6.2017

The organs of the Stadtkirche Biel / Switzerland offer the possibility to play a vaste repertoire.

The main organ (Metzler 50 IV/P) with its winddynamic 4th manual allows fantastic new sounds and is a wonderful foundation for experimental improvisation.

The meantone tuned birdsnest-organ (Metzler 1994-95 9 II/P) is particularly suitable for renaissance repertoire.

Pascale Van Coppenolle, professor at the Bern University of the Arts, is very gifted in dealing with interpretation, expression (posture / radiance) and she knows how to whip up enthusiasm in her students by using adapted techniques.
